RE: Life Link Leased Building for a Clubhouse Model Facility

Dear Mrs. Anderson,

Santa Fe County has been working to purchase and remodel a building to be used for a clubhouse facility to serve the mentally disabled in Santa Fe County. The Life Link lobbied the legislature and \$453,702 was granted to Santa Fe County for this purpose. Santa Fe County used the funds to purchase a building located at 1318 Luana Street, Santa Fe, and to hire an architect to design the renovation to the building.

The Architect estimated that the renovations of the building will cost between \$80,000 and \$100,000. The Life Link has received a grant from the McCune Foundation and would like to donate those funds to the County for the renovation of the building. If the McCune Foundation agreed to the donation, the County would agree to use the \$100,000 for the renovation of the building and, if sufficient funds remain, for furnishing and fixtures needed to complete the space. The County further agrees to refund to the McCune Foundation any portion of the \$100,000 received from The Life Link that is not used for the project.

Sincerely,

Roman Abeyta
Santa Fe County Manager
